GENIUS OR MADMAN?

"Genius, bu its very intensity, decrees a special path of fire for its vivid power,"

o sold the 19th Century American author Phillips Berols, who recognited that people of gedius were destined to make their mark on the world around them. This issue's cover feature takes a look at these whose singular abilities have marked them out in the Star Trek universe, as they've channeled their gifts for good or exit.

for good or evil.

This issue also sees the return of an old favorite to our pages: A Fistful of Data. If there's semething about Star Trek that's been nagging at you for ages, now's the chance to find out the answers courtesy of our resident Star Trek expert. Historian Larry Nemacek.

And don't miss the start of a major series, Meet the Creu, in which we look at the many different ways in which our Sworte characters have been presented over the years. Appropriately we begin with the youngest Captain in Surffeet, James Tiberius Kirk, himself recently activined as the "only gentius level offender in the Mid-West!"

Next time around, we've got a 100-page extravaganza with the spotlight on the Yulcansi Live long and prosper

Paul Simpson Editor, Star Trek Magazine

16 STAR TREK'S GENIUSES

Some are mad, others are recognised: Door are then that Winley Crosher wise are simply reconference. We take a high-theated look at the definent kinds of persons that populate the Som Finks series - and give you a chance to find out if you've or wheir this time to be halfed as it influence continues.

28 ALEXANDER SIDDIG

It ome as quite a shock to the actor playing being Space To coolean foother to learn that the chance before was a prechading modelled genies who had been being be an inches the entire than the foother was a prechading modelled genies who had been being been also been due to the foot does not the chance. Alleanner Section being be as block on the other been to the chance as flowering to the chance as the chance of the chance as the chance of the chance o
